

# INK REMOVER

For use on all types of leather.

LeatherPlus® Ink Remover has been formulated as a last step in removing persistent spots on protected or topcoated leather. This product produces immediate results on permanent pen marks and other types of ink. The easy-to-use dispensing system was designed to target narrow ink lines without affecting surrounding areas.

## DILUTIONS

Do not dilute. This product is ready to use.

## DIRECTIONS

**IMPORTANT:** For use on protected or topcoated leather only. Do not use on suede, nubuck or any "absorbent type" leather.

- 1) Shake gently before use.
- 2) Always test before use.
- 3) For best results, leather surface should be pre-cleaned with LeatherPlus Leather Cleaner. It is also advised to attempt to remove spot with LeatherPlus Blue Jean Dye Remover, prior to using this product.
- 4) Before treating area, dampen a LeatherPlus® Towel or white terry cloth towel with Leather Cleaner.
- 5) Lightly dot Ink Remover on area to be treated; immediately blot with damp towel. Keep top clean by blotting on towel as needed. Gentle agitation may be applied to area using a circular motion. Continue this process, proceeding slowly, until satisfactory results are achieved.
- 6) Re-clean treated area with Leather Cleaner to remove all remaining residue. Finish area with an application of LeatherPlus Leather Moisturizer.

## TECHNICAL DATA

Compatibility.....protected, topcoated  
 pH at use dilution ..... 7.00  
 Compound type ..... nonionic  
 Water solubility..... complete  
 DOT restrictions.....none  
 Freeze/thaw stable ..... slight  
 VOC compliant ..... yes  
 Shelf-life, years ..... 3

## AVAILABLE SIZES

pen

## ADVANTAGES AND USAGES

- ▶ Safe for use on all leather, such as protected, suede and nubuck.
- ▶ Superior cleaning properties.
- ▶ Will not effect finish or texture of leather.
- ▶ Prevents drying, cracking and peeling due to age or incompatible cleaning products.
- ▶ Removes body, pet and hair oils.
- ▶ Excellent for use in automobiles, boats and airplanes.
- ▶ May be used on other leather hides and skins.

## CUSTOMER INFORMATION

Hypoallergenic when dry.  
 Does not leave soil-attracting residue.  
 Recommended for use before applying LeatherGuard® or SuedeGuard® protector.  
 User safe. Nontoxic. Biodegradable
