

LeatherPlus® LeatherGuard® has been formulated to provide added protection to protected or topcoated leather. Developed specifically for leather, this product will provide significant protection against both oil and water base stains. Inhibits fading.

**DILUTIONS**

Do not dilute. This product is ready to use.

**DIRECTIONS**

**IMPORTANT:** For use on protected or topcoated leather only. Do not use on suede, nubuck or any "absorbent type" leather.

- 1) Shake gently before use.
- 2) Always test before use.
- 3) Treat small sections at a time (2 ft<sup>2</sup>). Lightly spray directly onto clean leather surface. Immediately buff area with clean LeatherPlus Towel or white terry cloth towel.
- 4) Allow to dry before use. Full cure protection will be complete in 12-24 hours.

**TECHNICAL DATA**

Compatibility.....protected, topcoated  
 pH at use dilution ..... 4.50  
 Compound type ..... cationic  
 Water solubility..... soluble  
 DOT restrictions.....none  
 Freeze/thaw stable ..... slight  
 VOC compliant ..... yes  
 Shelf-life, years ..... 3  
 Coverage, upholstery ..... 3 oz/linear foot (290 ml/linear meter)

**LEATHERGUARD®**

For use on protected or topcoated leather.

**AVAILABLE SIZES**

quart

**ADVANTAGES AND USAGES**

- ▶ Safe for use on protected or topcoated leather.
- ▶ Advanced fluoropolymer technology; does not contain silicone.
- ▶ Reduces evaporation of natural oils found in leather, thus maintaining it's resilient and supple texture.
- ▶ Protects against fading.
- ▶ Increases resistance to abrasion and wear.
- ▶ Does not contain PFOS or PFOA.

**CUSTOMER INFORMATION**

Hypoallergenic when dry.  
 Does not leave soil-attracting residue.  
 Penetrates leather to protect against oil and water base stains.  
 User safe. Nontoxic. Biodegradable.
