No Limit™

[fragrance free]
[permanent odor remover]

No Limit® is the ultimate deodorizing and odor absorption compound. This odorless product will alter odor molecules by means of a permanent bonding process, and continue to absorb additional odors beyond the initial application. May be used on non-porous and porous surfaces.

DILUTIONS

- Severe odor: Do not dilute; use full-strength.
 Moderate odor: 1 part with 4 parts of water.
 Mild odor: 1 part with 8 parts of water.

DIRECTIONS

- 1) Shake gently before use.
- 2) For use on carpet and fabric, test for color stability before use.
- 3) Apply with a sprayer, carpet syringe, mop or sponge.
- 4) It is not necessary to rinse or extract. When heavily applied, carpet or fabric fibers might appear slightly stiff once dry. Vacuum, rake or brush gently to soften.
- 5) For room deodorizing, spray upward into the air toward odor and away from eyes.
- 6) When used in a non-thermal, ULV fogging unit, follow instructions provided by the equipment manufacturer.
- 7) If desired, Kleenrite H₂Odor fragrances may be added.

TECHNICAL DATA

pH at use dilution	7.50
Compound type	anionic
Odor	none
Water solubility	complete
DOT restrictions	none
Freeze/thaw stable	yes
Shelf-life, years	10+
Compatibility	BioEnz, H ₂ Odor, KleenFog, Microcide SRS

AVAILABLE SIZES

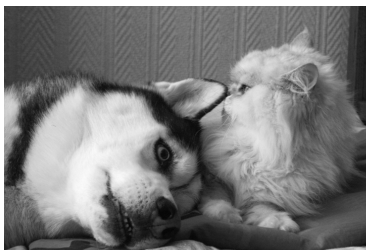

US gallon . 55-gallon drum

ADVANTAGES AND USAGES

- ▶ Eliminates foul odors caused by urine, skunk, smoke, mildew, organic decay, petroleum fumes, garbage and more.
- ▶ Fragrance free; contains no soil-attracting fragrance oils.
- ▶ Alters odor molecule on contact, by means of a permanent bonding process.
- ▶ Promotes a soil-free surface; contains exceptional anti-resoiling properties.
- ▶ Safe for use on New Generation carpet, all water-safe fabric, wood, tile, concrete, mattresses, and in automobile interiors.
- ▶ User safe.

CUSTOMER INFORMATION

Safely eliminates odor at their source.
 Leaves no soil-attracting residue.
 Hypoallergenic; reduces indoor air pollution.
 Nontoxic. Biodegradable.
