

KLEENRITE CHEMICAL

Faster Cleaning • Better Performance • Safer Solutions®

Upholstery PreSpray NA has been developed to provide superior cleaning results without the ammonia odor of the original, self-neutralizing Upholstery PreSpray SN. The ingredients contained in this product were carefully chosen for their compatibility with upholstery fabric and their performance against soils commonly found on furniture.

DILUTIONS

Do not dilute. This product is ready-to-use.

Note: It is recommended to use this product undiluted, with a light application. This technique will eliminate over-wetting, minimize moisture contact and accelerate drying time.

DIRECTIONS

- 1) Shake gently before use.
- 2) Always test for color stability before use.
- 3) Apply with a sprayer onto heavily soiled areas.
- 4) Allow to dwell for approximately 30 seconds.
- 5) Extract.

TECHNICAL DATA

pH at use dilution	9.25
Compound type	nonionic
Water solubility	complete
Freeze/thaw stable	yes
VOC compliant	yes
Shelf-life, years	10+

Upholstery PreSpray NA

[non-ammoniated, low odor]

AVAILABLE SIZES

US gallon . 55-gallon drum
